

Assignment Three, Spring 2022 Reflection

This assignment asks you to look back at the term and assess your own learning. What were the biggest challenges you faced and how did you resolve them? Where did you grow the most and why? What are the most important things you learned? Looking back, what are the strengths you've developed?

Write a letter to me reflecting on your work in this course using the questions above as general prompts. (You can include other things as well.)

Tell me what grade you think you have earned and why.

- Your letter should be double-spaced and at least 6 pages long. You should write your letter in Google Docs.
- You may make an 8-10 minute video or audio reflection instead.

Remember to cite your sources if you directly quote from someone else or when you take an idea from someone else but write it in your own words

Use the formatting in the Chicago Manual of Style. A quick guide to this style is available online [here](#).

Your reflection is due on Classroom by 9.59pm on Tuesday, May 31.

I cannot accept late work after this time/date because that's the end of finals. If you are running into trouble, please let me know ASAP!
